

### THE CHALLENGE:

The **Jerónimo Martins Group** intends to speed up and digitize the way in which the processes of its Human Resources Department are signed, also eliminating paper processes.

### THE SOLUTION:

Using the **IDcert** and **Signingdesk** solution, an internal portal was developed using the **Biometric Signature** in blocksignature on the side of the employees and **Qualified Signature** by the company's management. It's currently being used in 600 stores.

### THE RESULT:

Tons of paper were **eliminated** in the Human Resources Department's Shift management and employment contracts, **transforming** a process that normal took 2 weeks into just a few minutes.

## THE RIGHT SOLUTION

#### 1 Biometric Signature Process

Store manager and employee collect the biometric signature on a signature tablet.

#### 2 Qualified Signature Process

Human Resources Department proceeds with the Qualified Signature.

3 – Human Resources Manager

- USED PAPER  
+ SPEED IN THE PROCESS
